

Ulster/Connacht Sorting Activity

Use this activity as a form of assessment, after a period of study on the physical features of Ireland.

Pages 2-3 should be laminated. The small boxes on pages 4 should be cut out and then laminated.

Mix up the 20 small boxes and get a pupil, a couple of pupils or a small group to sort them by placing them onto either the “Connacht” or the “Ulster” sheet (using Velcro if you wish).

There are ten boxes to be placed on each sheet.

Alternatively, this could be used a “cut and paste” activity.

Connacht
